## REFERENCE

From Kompas OOD,

Kompas OOD issues this reference to Stenik Group OOD with gratitude for their professionalism. We thank them for all the good advice we received, for the creativity they showed in creating our company's website ([www.compass-bg.com](http://www.compass-bg.com)) and for meeting the deadlines.

For the functionality of Kompas OOD's website, Stenik Group developed an easy and very accessible Content Management System (CMS), which allows us 24-hour updates. We received excellent training on how to work with it and timely answers to our questions.

Kompas OOD works with over 20 commercial partners from Europe, Russia and Kazakhstan. The website is our business card and is one of our "weapons" with which we win clients abroad. We received good feedback from our commercial partners about the good design, the convenient site and the understandable menu, in which they immediately orient themselves in the company's product group.

For us, our joint work with the team of Stenik Group OOD was a challenge, an expansion of new knowledge and a site corresponding to the latest web trends. We recommend Stenik Group OOD to anyone who needs a modern and quality internet presence.

Georgi Mandadzhiev  
Marketing Director, Kompas OOD Д
