

## REFERENCE

With this reference, we want to express our satisfaction with the cooperation with Stenik Group Ltd. Since the beginning of our partnership in 2015, the company's team has always shown professionalism and commitment in the development of our project. We have positive experiences with their team and know that we can always count on their support.

The Stenik team demonstrates high competence and experience in the field of e-commerce and is always available to assist us with any issue. The technical support and professional consultations from their side provide us with the necessary peace of mind so that we can concentrate on marketing and sales.

We gladly recommend Stenik as a reliable and competent partner for the development and maintenance of a successful online store. Their team of experts in the field of eCommerce has significant experience and professionalism in the field. The company stands out with an innovative approach and the ability to create customized solutions that meet the unique needs and goals of different businesses and models. Whether it's about developing a new store or optimizing an existing one, Stenik can offer the best solution.

We will continue to rely on Stenik in the process of developing and succeeding our online store, because we are sure that with their support we will achieve the desired results.
